River Access

To get to the river, follow the gravel path east (toward Medford), along the backside of the cabins. You'll cross the bridge and the path to the river will be directly in front of you.

Firepit

The Firepit is lit daily, about 7:30pm, weather permitting. It is located to the east of the main lodge deck.

What's that ditch looking thing? We get that question a lot. That's an irrigation ditch. From mid-May to mid-September, water is pulled from the Rogue River and pumped into the ditch. The water flows into Grants Pass where it is used for irrigation. There is another ditch high up on the hill across the street that we tap into for our irrigation needs. The hardpacked earth next to the ditch runs a couple miles toward Grants Pass, ending near Chinook Park. It makes for an excellent walking / jogging path along the river
